**RENEWED PETITION UNDER 37 CFR 1.47(a)**

Mail Stop PCT  
ATTN: PCT Legal Office  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants Andrew Forbes and Mark Philip Taylor respectfully renew their petition pursuant to 37 CFR 1.47(a) that they and their assignee, Dyson Limited, be permitted to prosecute this application in the absence of joint inventor Steve C. J. Parker. The Commissioner is authorized to charge any necessary fees for consideration of this petition, including the surcharge for filing a deferred declaration and the fee for this petition to Deposit Account No. 03-1952, Ref. 424662008900.

Applicants' initial Petition filed December 13, 2004, the contents of which are hereby incorporated by reference, was dismissed in a decision dated February 3, 2005. In the decision, the Office accepted applicants' submissions of the necessary fee, the showing of facts required to support the Petition and the statement of inventor Parker's last known address. The Office did not, however, accept applicants' declaration on the ground that it did not reflect inventor Parker's

given name correctly and was not executed by inventors Forbes and Taylor on behalf of inventor Parker.

Applicants submit the attached declaration to satisfy the outstanding requirement for a declaration properly naming inventor Parker that is executed by inventors Forbes and Taylor on Parker's behalf. Accordingly, the record is now in order for the granting of applicants' petition, which is respectfully solicited.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing **424662008900**.

Dated: March 15, 2005

Respectfully submitted,
